Dear Commissioner:

INTERVIEW SUMMARY

Applicants thank the Examiner for her participation in a brief telephonic interview with the undersigned representative on April 22, 2008, regarding the status of the above-identified application. Applicants had previously filed a Pre-Appeal Brief Request for Review. In response to this request, on April 10, 2008, the Office mailed two, contradictory, notices of panel decision: a first signaling that prosecution would be re-opened, and a second that the application should proceed to appeal. Applicants contacted the Examiner for clarification, and noted that the claims identified in the second decision did not appear to match those of the present application.

In the interview, the Examiner acknowledged that the mailing of two different notices of panel decision was a clerical error. The Examiner also confirmed that

prosecution of the above-identified application would be re-opened, and that the notice indicating that the instant application should proceed to appeal was erroneous. Consequently, it is believed that no further communication is presently required from Applicants in connection with this application. As always, if the Examiner believes that a telephonic interview will help speed this application toward issuance, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,

Date: April 23, 2008

/Lee Eubanks/
